PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi the 5th September, 1958

SUBJECT:—*Import policy for Insulin—April—September, 1956 period.*

No. 75-ITC(PN)/58.—Attention of the Established Importers is invited to the current policy for Drugs and Medicines as detailed in Appendix XIX to the current Red Book from which it will be seen that ‘Insulin all sorts’ can be imported against licences granted to Established Importers both on the Soft and General Areas.

2. Certain representations have been received to the effect that there is some shortage of certain varieties of Insulin in the country, viz., Insulin Zinc suspension, Insulin Zinc Suspension (Amorphous), Insulin Zinc Suspension (Crystal-line) and Isophane Insulin. This matter has been reconsidered and it has been decided that, to relieve the immediate shortage, additional licences will be granted to Established Importers who had imported these varieties of Insulin during the licensing period October '57—March '58. Such of the Established importers as had imported these varieties of Insulin during the period 1st October 1957 to 31st March 1958 should submit applications for grant of *ad hoc* licences to the Joint Chief Controller of Imports and Exports, Bombay in the prescribed form and manner by 20th September 1958. Applications should be supported by acceptable evidence in proof of past imports claimed during the half year October '57—March '58. The additional licences, where granted, will be valid for import of these varieties of Insulin only and the licences will be given a reduced period of validity of four months to ensure immediate supplies.
